## Car Child Restraints

The safety of our customers is of the utmost importance to Cheapa Campa. Therefore we have developed a best practice approach to Child Restraints. We aim for the best safety (not just recommended levels) for our clients' children.

Clients can rent Child Restraints (must be pre-booked) from Cheapa Campa for \$20 per rental. It is the client's responsibility to fit them to the vehicle (our branch staff are legally unable to fit them or advise on how they should be fitted) and we recommend the following guidelines below:
